HMRC staff cannot advise whether or not an individual is chronically sick or disabled.

A person is 'chronically sick or disabled' if he or she is a person:

- with a physical or mental impairment which has a long term and substantial adverse effect upon his or her ability to carry out everyday activities ² with a condition which the medical profession treats as a chronic sickness

It does not include an elderly person who is not disabled or chronically sick or any person who is only temporarily disabled or incapacitated, such as with a broken limb.

If you are unsure, you should seek guidance from your GP or other medical professional.

Please give this completed form back to the supplier. They will keep it with their VAT records. Please do not send it to HMRC.
